A MARVELLOUS REMEDY For a Marvellous Age!

HOLLOWAY'S OINTMENT!

The Grand External Remedy.

By the aid of a microscope we see millions of little openings on the surface of our bodies. Through these this Ointment, when rubbed on the skin, is carried to any organ or inward part. Diseases of the Kidneys, Disorders of the Liver, affections of the Heart, Inflammation of the Lungs, Asthmas, Coughs and Colds, are by its means effectually cured. Every housewife knows that salt passes through bone or meat of any thickness.—This healing Ointment far more readily penetrates through any bone or fleshy part of the living body, curing the most dangerous inward complaints, that cannot be reached by other means.

Erysipelas, Salt Rheum, and Scorbutic Humors.

No remedy has ever done so much for the cure of diseases of the Skin, whatever form they may assume, as this Ointment. No case of Salt Rheum, Scurvy, Sore Heads, Scrofula, or Erysipelas, can long withstand its influence. The inventor has travelled over many parts of the globe, visiting the principal hospitals, dispensing this Ointment, giving advice as to its application, and has thus been the means of restoring countless numbers to health.

Sore Legs, Sore Breasts, Wounds and Ulcers.

Some of the most scientific surgeons now rely solely on the use of this wonderful Ointment, when having to cope with the worst cases of sores, wounds, ulcers, glandular swellings, and tumors. Professor Holloway has, by command of the Allied Governments, despatched to the hospitals of the East large shipments of this Ointment, to be used under the direction of the Medical Staff, in the worst cases of wounds. It will cure any ulcer, glandular swelling, stiffness or contraction of the joints, even of 20 years' standing.

Piles and Fistulas.

These and other similar distressing complaints can be effectually cured if the Ointment be well rubbed in over the parts affected, and by otherwise following the printed directions around each pot.

Both the Ointment and Pills should be used in the following cases:

Bunions,	Piles,	Sprains,
Burns,	Rheumatism,	Scalds,
Chapped Hands,	Salt Rheum,	Swelled Glands,
Chilblains,	Skin Diseases,	Stiff Joints,
Fistulas,	Sore Legs,	Ulcers,
Gout,	Sore Breasts,	Venereal Sores,
Lumbago,	Sore Heads,	Wounds of all kinds.
Mercurial Eruptions,	Sore Throats,	
	Sores of all kinds,	

*Sold at the Manufactories of Professor Holloway, 80 Maiden Lane, New York, and 244 Strand, London, and by all respectable Druggists and Dealers of Medicines throughout the United States, and the civilized world, in Pots, at 25 cents, 62½ cents, and $1 each.

There is a considerable saving by taking the larger sizes.

N. B. Directions for the guidance of patients in every disorder are affixed to each Pot.

BOUNTY LANDS.

IMPORTANT NOTICE TO

SOLDIERS, SEAMEN,

AND THEIR

Widows and Minor Children.

A BILL has passed both Houses of Congress, granting Bounty Lands to the following classes of persons, viz:

One hundred and sixty acres to all who have SERVED FOURTEEN DAYS IN ANY WAR of the United States, provided they have not received Land.

One hundred and twenty acres to all who have served and have received 40 acres.

Eighty acres to all who have served and have received 80 acres.

And if the soldier has deceased without obtaining 160 acres, the same allowance as above is made to his Widow, or if no Widow to his Minor Children.

Service in the Revolution—in the War of 1812—and in all the Indian Wars, is provided for by said Act.

And all who served the above period in the Drafted Militia of the State of Maine in the year 1839, in what is known as the

AROOSTOOK WAR,

Are entitled to its benefits, as the Militia called out by State Authority, and who served the above period, and whose services have been paid for by the United States, and their Widows, and Minor Children.

The subscriber is prepared to receive and prosecute all claims arising under said Act, with promptness and dispatch, and upon as reasonable terms as other Agents.

He has many Military Rolls and Copies in his possession, and especially very full ones of the Militia drafted for the Aroostook service in 1839.

As inducements to commit claims to his charge, he ventures to rely upon his long and well known experience and success in those of a similar nature.

He will, if preferred, Purchase the Land Warrants at fair rates.

Application may be made to him at his Office, or if requested by letter, he will send to claimants Declarations, with suitable directions, which may be executed without the parties leaving their homes.

To secure the receipt of a Warrant early, apply early.

Counsellor at Law, and Agent for Pensioners and Bounty Land Claimants.

To Holders of LAND WARRANTS!!

John L. Hodsdon,

DOW'S BLOCK, Hammond Street, Bangor, would call the attention of those who may have LAND WARRANTS to sell, to the fact that he has orders for large numbers of Land Warrants from parties in the West who authorize him to pay for the same the highest market value in CASH. Any person having a Warrant may therefore be assured that he can obtain from Mr. H. the most favorable price for it.

To those who desire to

Locate their Warrants,

he would further say that he has skilled and careful agents in the States of

WISCONSIN AND IOWA,

and in the Territory of Minnesota, who will locate any Warrants on the most desirable lands, without advance pay.

Let all holders of Bounty Land Claims call on JOHN L. HODSDON, Dow's Block, Hammond-street.

This Day Published!

EDITH,

The Quaker's Daughter.

A TALE OF PURITAN TIMES.

BY ONE OF HER DESCENDANTS.

12 mo. cloth. Price $1,25.

A more charming tale has rarely made its appearance in any country. The scene is laid in Boston, at the time of the religious persecution of the Quakers by the Puritans, and this circumstance adds very great interest to a tale which does not require any such fictitious aid, but whose intrinsic qualities are sufficient to fasten the reader's attention, and deeply move his sympathies, as well as enforce an admirable moral lesson.

We add a paragraph from the book itself:

"The world is aware that the early history of the Quakers in New England fills a page in her records which the descendants of our Puritan ancestors would gladly seal forever from the eyes of men. The time of these occurrences is yet too recent, for justice to either party to be awarded.—The consciousness of a cruel intolerance on the one hand, and the remembrance of wrong on the other, are yet too fresh in the minds of their descendants, and years must pass away before either can regard the other with impartiality. But our historians and others should remember that the past is only made deeper through attempts to excuse those deeds of cruelty by false representations of their victims, and it becomes the duty of every faithful representative of those times to depict their characters with fairness, and to do justice to the motives that influenced their conduct.

"We trust that the time is not far distant when the spirit that still characterises New England men, especially her clergy, will give place to a more enlightened feeling of Christian brotherhood. Let it be remembered that the time was when the Quakers stood alone against abuses that are now cried down by the majority, and if their peculiarities are fast disappearing from our sight, their principles remain."

GREAT American and Foreign Office,

—FOR—

Securing Patents for Inventions.

AGENCY FOR BUSINESS WITH THE U. S. PATENT OFFICE, WASHINGTON.

R. H. EDDY,

No. 76 State Street, opposite Kilby St., BOSTON.

IMPORTANT INFORMATION TO INVENTORS.—The subscriber, (late Agent of the U. S. Patent Office under the Act of 1837,) determined to present advantages in applying for patents, superior to those offered inventors by others, has made arrangements, whereby, on applications prepared and conducted by him, THIRTY DOLLARS (instead of *twenty, as paid back by others,*) will be remitted by him in case of failure to obtain a patent, and the withdrawal, through him, within thirty days after the rejection.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe and can prove, that at no other office of the kind are the charges for professional services so moderate.—The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining patents.

Caveats, Specifications, Assignments, and all Papers and Drawings necessary to the procural of patents in this and foreign countries prepared, and advice rendered on legal and scientific matters respecting inventions, and infringement of patents. All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.

Copies of the claims of any patent furnished for *one dollar*. Assignments recorded at Washington. Patents secured in Great Britain, France, and other foreign countries, through agents of the highest respectability.

R. H. EDDY, *Solicitor of Patents.*

TESTIMONIALS.

"During the time I occupied the office of Commissioner of Patents, R. H. EDDY, Esq., of Boston, did business at the Patent Office as Solicitor for procuring Patents. There were few, if any, persons acting in that capacity, who had so much business before the Patent Office, and there were none who conducted it with more skill, fidelity, and success. I regard Mr. Eddy as one of the best informed and most skilful Patent Solicitors in the United States, and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.

EDMUND BURKE, Late Commissioner of Patents."

[From the present Commissioner.]

"August 17, 1855.—During the time I have held the office of Commissioner of Patents R. H. Eddy, Esq., of Boston, has been extensively engaged in the transaction of business with the Office, as a Solicitor. He is thoroughly acquainted with the law, and the rules of practice of the office. I regard him as one of the most capable and successful practitioners with whom I have had official intercourse.

CHARLES MASON, Commissioner of Patents."

The Whigs of New Hampshire joining the Republicans.

Whigism in New Hampshire is not by any means the Straitout locofoco article which the organs in Maine endeavor to make it. In regard to the action of the New Hampshire Whigs, the following from the Kennebec Journal will explain the difference between it and the action of our Straitouts:

The Whigs of the Granite State have set an example which we trust and believe will be followed by the great portion of their brethren in Maine. They have met in Convention and resolve to have nothing to do, directly or indirectly, with Frank Pierce Nebraska-locofocoism, and they declare that they are "unalterably opposed to the further extension of human slavery in this country." They have nominated for Governor, Hon. Ichabod Goodwin of Portsmouth, and have adopted as their Senatorial candidates, those previously nominated by the Republican party. There is thus, a thorough and cordial union of feeling between the Whigs of New Hampshire and their Republican brethren who are all aiming at the same great and worthy political end.

The papers in New Hampshire which place the name of Ichabod Goodwin at their "mast head" are exceedingly severe in their reprobation of the course pursued by those members of the Maine Legislature who claim to be Strait Whigs. They declare that the faintest approach to a union with Nebraska locofocoism, must be at all times and in all places condemned by those who worthily wear the name of Whig.

Nine cheers we say for the gallant Whigs of the Granite State. They have set a noble example by resolving that their old organization which has been in the field always with honor, shall retire without the loss of it, and be merged in the bosom of a new and vigorous party pledged to the side of freedom and right, in the momentous issues of the day. We do not doubt—we cannot doubt,—that the large majority of those who voted for Mr. Reed at the late election, will follow the noble example set them by their brother Whigs of the Granite State.

It seems from the above, that the Whigs of New Hampshire are not, as we supposed, willing to throw their influence practically for the benefit of the hunker democracy.

Conference of Whig Politicians.—*New York, Feb. 19.* A Washington correspondent writes to the Tribune: A conference of some fifteen or twenty gentlemen, now or formerly in public life, who have heretofore acted with the old Whig party, was assembled last week on the invitation of one of the Senators who still acknowledges his Whig allegiance, for the purpose of counselling as to the policy to be pursued in the ensuing Presidential canvass, and especially of calling a National Convention.

Mr. Hinton, who was appointed Chairman of the Committee of States at the last Whig Convention held in Baltimore, was present.

The persons who attended represented the four sections of the Union. After some discussion, it was determined to make no movement towards a National Convention.

In a drunken row on Exchange Street, last Friday evening, Mrs. Emery, an Irish woman, was horribly cut in the face by a blow from an axe in the hands of an Irishman. The wound extended from the middle of the forehead obliquely downward to the lower jaw. It passed along the internal angle of the eye, cutting to the bone, and laying open the right cheek in its course. It was a ghastly wound and bled profusely. Doct. Field dressed the wound.

A Mass of Mail Matter. Fifty-one bags of mail matter were received at our post office by the mails of Friday evening. Our Postmaster and his Clerks found occasion for exerting an extraordinary degree of activity—but the work was accomplished much sooner than would be supposed possible. The train arrived about 9 P. M., and the whole of the mail matter was distributed, and that not belonging in the city re-mailed, in season for the departure of the mails in the morning.

Fruit and Ornamental Trees. We have received, from the press of Mr. S. S. Smith, a Descriptive Catalogue of Fruit and Ornamental Trees, Shrubs, Roses, Vines, &c., cultivated and for sale by J. W. Carr, Esq., at the North Nursery, in this city. The list is very large, embracing numerous approved varieties of Pear, Apple, Plum and Cherry trees, with scions of the same; and raspberry, blackberry, gooseberry and currant bushes, &c.—Grape Vines, Flowering Shrubs, and Rose bushes, Ornamental Trees, &c.

Runaway.—A horse attached to a sleigh started from the upper part of State Street, on Saturday, and ran down the hill, upsetting and smashing another sleigh in his progress, and throwing out a man and a woman,—he then turned into Exchange Street, and ran down the sidewalk on the west side, breaking the window of Mr. Patten's jewelry store in Exchange Block, and finally brought up against a post near the Market Bank, without much injury to himself or to the sleigh attached.

In the Municipal Court, on Friday, James Lane was examined on charge of larceny of money from the person of Mr. Roach of Bucatqu (before mentioned,) but he was discharged—the evidence not showing an intent to appropriate the money.

Charles Rose was ordered to recognize for appearance for trial on complaint of stealing the horse and sleigh of N. H. Allen, Esq.

"The Poor Whites of the South." The admirable paper of Mr. Weston, bearing the above title, published recently in the Tribune, and republished in part by us, is to be printed in a pamphlet at Washington, by direction of the Republican members of Congress. It will be printed by Messrs. Buell & Blanchard, and all orders will be answered at the price of 50 cents per hundred. The document should have a wide circulation.

Sch. Maria Jane, from Eastport, at Holmes Hole, for Alexandria, was in the ice on Nantucket Shoals 4 days, and was carried ashore on the Horse Shoe, and had to throw over her deck load of laths to get off.

The Republican party has been stigmatized as entirely a Northern sectional party by the pro-slavery organs; and yet we see that the very first act of the Republican National Convention, at Pittsburg, was to select a Southern man for its presiding officer—a Republican from Maryland, and one of the ablest men in the Union—Francis P. Blair, who was editor of the Washington Globe during Jackson's administration. The truth is, the Republican is the only true National party. It intends to stand by the Constitution, and its end and aim is to save the Union from the dangers growing out of the reckless and desperate course of the Southern sectionalists and their northern apologists and allies. The slaveholding sectionalists would willingly sacrifice the Union to the advancement of slavery, or reduce the laboring men and mechanics of the North to the miserable condition of the poor whites of the South. To prevent this, and establish the Union on the firm and enduring basis of *National* free principles, is the mission of the Republican party—and there are many patriotic men of the South who will join in the work.

The bill to overthrow our Municipal Court, and establish a Police Court in its stead, has passed to be engrossed.

Republican Meeting in Lee.

At a meeting of the Republican Association of Lee, on Saturday evening, Feb. 9, 1856, the following resolutions were discussed, and unanimously adopted:

Resolved, That the Republicans of Lee send greeting to the Republicans of the nation, and unite their voices in the universal acclamations of joy, at the result of the protracted struggle for the Speakership in the National House of Representatives.

Resolved, That the thanks of grateful and rejoicing freemen are due to the noble band of Republicans in the House, who stood firm to the victorious end, unseduced by bribes, and unterrified by threats.

Resolved, That of right Kansas ought to be forever free from the curse of Slavery; and we utter our stern and indignant condemnation of the unparalleled outrages of the "Border Ruffians" and their endorsement by the National Administration.

Resolved, That the Republican party is the only true national party,—loyal to the Constitution and true to the Union. Its principles are those on which the Constitution was founded, and by which the Union was cemented.

Voted, That the proceedings be forwarded for publication in the Whig and Courier and Jeffersonian; after which the meeting adjourned for two weeks, with three rousing cheers for Banks, three for Washburn, and three for the *Republican cause.*

D. Merrill, President.

J. H. Perkins, Secretary.

Mr. Editor: The Republican Association of Lee was organized Sept. 29, 1855. Its political platform is that of the Republican Association of Washington. Its motto is, "*Victory in 1856.*" The following are its officers:

President—D. Merrill.

Vice Presidents—G. W. Gerrish, John Thompson, John B. Ludden.

Directors—J. H. Perkins, S. Bean, D. Barnes.

Treasurer—J. T. Budge.

Recording Secretary—J. H. Perkins.

Corresponding Secretary—Daniel Stickney.

Seeds from the Patent Office.

NUMBER II.

To the Hon. Israel Washburn, Jr.

Dear Sir: The wheat alluded to, but not described, in my first paper, was procured in the following manner. In 1827, Capt. Stephen Williams brought one bushel from Smyrna, which he obtained from a ship while discharging a cargo of that kind of grain from the shores of the Black Sea, to his brother, Payson Williams, then of Fitchburg, Mass. In 1830, Mr. Payson Williams obtained the premium for the best crop of wheat, from the "Massachusetts Society for the promotion of Agriculture." The yield was reported to be fifty-five bushels and three pecks upon one acre. It was said to be a "new kind," and the first ever introduced into this country. From this crop of Mr. Williams I procured one bushel, at the seed store in Boston, at the price of three dollars.

The following is an extract from Mr. Williams' account published at the time. A fuller account can be found in the N. E. Farmer and in Fessenden's Complete Farmer, page 130. "The character of the wheat appears to differ from our usual kinds, by the straw being much taller, (some of which was five feet ten inches in height,) and although it is what we call bearded, and the heads of two varieties, similar in appearance to our red and white, yet there is a variety (say a sixth part perhaps) which, notwithstanding the head is short, yet the kernels are so close that I have repeatedly counted eighty kernels on one ear or head. This variety I call the Pearl, from its clear appearance. The straw is stout as well as tall, bearing the beating of our New England storms better than any I have heretofore grown."

This is a pretty fair description, but is not fully correct. There were five distinct kinds in the bushel I obtained. The three kinds named I cultivated separately for several years, and sold it for seed quite extensively. The kind called Pearl is the same as the Eleven Heads I obtained from the paper you sent me. It is a good kind, and I shall continue to sow the product of the Eleven Heads until I get enough for field culture. The kernels are so close in the head that it is secure from the effects of the weevil fly, and the straw much stiffer than the other kinds. This statement may be of use, perhaps, to persons who received samples of wheat, such as you sent me.

Your ob't serv't,

Philip Morrill.

Important from Kansas. The Leavenworth Herald of Feb. 9th says that a pro-slavery meeting was held there on the 2d inst., at which it was determined to offset the influence of the Free State Agents sent abroad, by despatching Gen. W. McLean to the Southern States to give the people the pro-slavery aspect of the case and to urge Southerners to emigrate to the Territory, and aid in rescuing the control of affairs from the hands of the "abolitionists" of Lawrence.

The Topeka Herald appeals to the friends of the North and East to hold themselves in readiness to march at a moment's notice, that the struggle begins to show itself in earnest, and invokes the people to die in preference to surrendering.

The Herald of Freedom says that Messrs. Robinson and Lane have adopted precautionary measures and organized a regiment; that the forts are guarded day and night, and that munitions of war were being collected in readiness for instant service, an attack being expected.

The President's special Kansas message had reached Leavenworth.

There are 800 troops at Fort Leavenworth, and 400 at Fort Riley, who are to be called out if circumstances shall demand it.

The Washington correspondent of the Journal of Commerce, says:—

"Gen. Quitman, it is said, declares he will never report a bill for sending troops to Kansas, to butcher American citizens, on either on one side or the other of the question at issue."

The Kansas Herald of Freedom of January 26 says of the approaching crisis that messengers are daily arriving from different points in Missouri, bringing intelligence of the organization of military companies along the border, the collection of military stores, and the general preparation for a sudden attack on the Territory as soon as the weather becomes favorable.—Precautionary measures have been adopted by Generals Robinson and Lane; a regiment has been organized, the forts garrisoned and guarded night and day to prevent surprise, and munitions of war are being collected. Preparations for defence had also been made at Topeka.

The Herald corrects the story from Weston, Mo., by telegraph, respecting the affray at Easton, in which Cook was killed by the anti-slavery men. It says that the first attack was made, the first firing done, and all the violence committed by the pro-slavery men; and that the battle was finally fought by fifteen Free State men against over thirty pro-slavery men; and that these freemen were not Northern "abolitionists," as the telegraphic despatch represented, but immigrants from Missouri, who had become disgusted with the outrages of the people of that State. Brown was taken for the editor of the Herald of Freedom, whose name is Brown, and was literally hacked to pieces with a hatchet and bowie knife in cold blood.

It is said that for seven years there has not been so severe a winter in Kansas as the present. The snow has fallen to a great depth, and at the date of the paper (Jan. 26,) was still falling and sifting through every crevice of their ill-made houses.

From the Belfast Age.

Ruffianism in Waldo—Jail broken open—Forcible Entry into the Jail House, and gross insult offered to the Jailor's Wife.

Late on Saturday afternoon, 16th inst., some of our citizens had an opportunity of witnessing the inauguration of the new code of mob law, now in operation in several parts of the State, by being present at Mr. J. Y. McClintock's demonstration on the County jail in this city. The transaction throughout was a cowardly and ruffianly outrage, and should subject its authors to contempt by every decent man.—Some four weeks ago McClintock received his commission from Gov. Wells, and he has never yet made any demand upon Sheriff Roberts for the keys or papers of the jail; but on Saturday afternoon, knowing, as we have good reason to believe, that Mr. Miller the jailor was absent, in the upper part of the city, at the death-bed of his brother, who has since died, he with some difficulty procured a posse of men,—and repaired to Jail Hill. Instead however of proceeding to the jail, which is a building separate from the jail house, he and his posse bolted at once in upon Mrs. Miller and her two small children, without knocking or other ceremony,—barricading the outside doors, placing some of his posse at the inside doors to prevent Mrs. Miller from passing from one room to another, while he, accompanied by the others, commenced a search for the key of the jail, though distinctly informed by Mrs. Miller that it was not in the house. Being unsuccessful in other parts of the house, he invaded her sleeping apartment, where a thorough search was instituted,—bureaus were overhauled, the bed ransacked, and her wardrobe thoroughly examined and searched, and, not until the outrageous and insulting search was fully concluded, was this unprotected and terrified female set at liberty to pass from one room to another. The key was not found, not being, as she told them, in the house.

While this disgraceful proceeding was going on in the house, or immediately after, implements were introduced through the grated windows to the prisoners, to enable them to break out; and from the intoxicated condition of the prisoners immediately after, there can be no doubt but liquor was also introduced.—One or two of the prisoners made an attempt upon the outside door to unscrew the lock and hinges, but failed. This attempt was encouraged by McClintock, who procured a crowbar and threw it into the window, but it was caught by Mr. Prescott Hazeltine, one of Mr. Miller's bondsmen. Failing thus to promote the escape of the prisoners, an attempt for the first time was made to take possession of the jail, by breaking in the outside door, which after some time was done. By this time a large number had collected, among whom were many of our respectable citizens, who manifested so much indignation at the treatment of Mrs. Miller that the proceedings were stayed. We have no doubt but for this strong demonstration by the friends of law and order, that the jailor's family would have been put out of doors that night, and a general jail delivery of the prisoners would have been had. This opinion is strengthened by the fact that McClintock now avows his determination to put them out by force as soon as Mrs. Miller, who is now lying sick from the shock she received, is able to be about.

This is the first genuine specimen of real mob law we have witnessed in our quiet city,—and we are happy to say that the whole respectable portion of our citizens, without distinction of party, unite in condemning it in the strongest terms. Such high-handed outrages should receive the sternest rebuke from every man who looks to the laws for personal safety, the safety of his dwelling, his family or his property.

We can now be fairly said to be enjoying in full the fruits of Gov. Wells' mob administration [illegible]

voted and searched in their absence, without authority of law—the judiciary department of the government is usurped by the executive, and the people of Maine are no more protected from the lawless acts of the governor and his minions, than the inhabitants of Kansas from the minions of Atchison and Stringfellow.

The Belfast Journal denies the truth of the above statements; but we are informed that the publishers of the Age will furnish affidavits sustaining the correctness of their report. The Journal also endeavors to shield the violent conduct of its friends by bringing a charge that the jailor had permitted the prisoners in the jail to have free access to seized liquors which are under his care—and to their end publishes affidavits of some prisoners. We have information from Belfast stating that the allegations against the jailor in this respect are wilfully false, and will be shown to be so.

Removal of the School Superintendent. The removal of Hon. M. H. Dunnell, the State Superintendent of Schools during the past year is one of the most unjustifiable acts that we ever knew any executive to be guilty of. It is wholly different in its nature and effects from the ordinary run of official displacements. The duties of most offices are such that a change of holders but little disturbs them—either being so simple that the new incumbent can master them in a short time, or else requiring subordinates who can carry them forward through any changes of the chief officers. But the School Superintendent engrosses nearly all the specified duties of his place, and these only can be learned by some months' experience.—He has the largest powers, perhaps, of any officer in the State, the most dependant on the native character of the man, and hardly equalled in their importance to the welfare and progress of our people. When we get a good Superintendent, therefore, nothing but the gravest reasons should cause his removal, especially when he has but just entered upon the threshold of his highest usefulness.

That Mr. Dunnell has discharged his responsibilities during the past year with eminent fidelity and success, has been admitted by all cognizant of his operations. He has visited every part of the State, collecting information, making the acquaintance of the friends of education, holding institutes and conducting them, with the aid of his excellent assistants, to the entire satisfaction of all concerned. Influential men of every political cast, have borne testimony to the value of his labors. Democratic, as well as Republican presses, have concurred in this opinion of the public.—Even the Augusta Age, before it had been instructed to stigmatize him as a "noisy partizan," praised his efficiency.—His report was of itself, amply sufficient to show the amount of labor he had accomplished and of the salutary interest he had everywhere awakened. And yet, it was evident that he had laid the foundation for much greater services in the year to come—a foundation which cannot be available, but in a very small degree, to a new successor.

Now what reason can Governor Wells give the public for his untimely removal? Were there any charges of official misconduct or incompetency? Were there well founded calls for this step? We have heard of nothing of the kind. The epithet of the Age—"noisy partizan"—is all that we have met with to justify the deed. We believe that insinuation to be entirely unfounded. If it has been true to any degree, we have been in a situation to have known it. But so far as we know, on the contrary, during the last campaign, he was wholly occupied with the duties of his office, interfering in no manner with political movements and plans.

Of his successor, Mr. Craig, we know nothing—and unfortunately can find no one to enlighten us. We trust, however, that he will imitate the course of Mr. Dunnell, and make as good an officer. If he does, we shall find ourselves, at the end of the year, in this great matter of education, about where we began. But that will not be the case with the retrograding powers at Augusta. They have commenced the work of undoing with such precipitate and unprincipled zeal, that they will soon find themselves most effectually undone.—*Portland Advertiser.*

Give Me Liberty or Give Me Death!—Is there a heart, outside of the bogus Democratic party, that does not throb responsive to this sentiment of one of the anti-slavery fathers of the State of Virginia?—Patrick Henry.—The poor negro slave woman's butchery of her children was but the impersonation of the noble sentiment of Henry. She has never probably heard of Virginius or his daughter Virginia. The innate love of liberty which God has implanted in every human heart prompted the bloody deed. She was born a slave, and suffered its terrible privations, and when she could not save her children from like suffering, preferred death with them to hopeless slavery.—If the act of Virginius is commendable, if the sentiment of Henry is true, the deed of the slave mother, though bloody, cannot be far wrong.—*Madison Courier.*

Revision of the Tariff. The New York Times of yesterday learns on good authority, that the important revision of our present tariff, recommended in the last report of Secretary Guthrie, meets the hearty approval of the committee of Ways and Means, of which Mr. Campbell of Ohio is at the head, who will shortly report a tariff bill, drafted under the advice of Mr. James of Rhode Island, and other large manufacturers, which will fix the import duty on all goods made in whole and part of wool, silk, cotton, hemp, flax &c., at 30 per cent., and admitting wool, raw silk and all raw materials free. It is understood that this bill meets the approbation of the President and Cabinet.

The Secretary of the Navy will immediately order the new steam frigate Merrimac to cruise for one week. She will proceed as far as the Grand Banks, and render such aid to vessels in distress as may be required. The crew of the Merrimac went on board yesterday afternoon.—*Boston Journal.*

Give.

BY "MAC."

The cry is still, now as ever
"Give! Give!"
Never ceasing—never ending,
Growing worse instead of mending,
Experience teaching,
Still increasing;
Oh! that cry will last forever,
"Give! Give!"

The rich and poor alike exclaim,
"Give! Give!"
Always asking—rarely giving.
Seldom right, but often sinning;
What a world is this of ours
When Gold is the moving power;
And rich and poor alike exclaim,
"Give! Give!"

Holloway's Pills have again triumphed over every other Medicine. Interesting Case. Emily Walton, aged 17, of Walnut street, Cincinnati, suffered much pain often from sick headaches, tottering of the limbs, numbness of the whole body, and other symptoms which very much alarmed her fond parents. The actual name and nature of the complaint puzzled every one, it bore such a variety of aspects, and consequently there were a variety of opinions on the subject. Three months ago the mother boldly went to work with Holloway's Pills, which very quickly performed their part, for in six weeks this young lady was in possession of the most robust health—after every advice and medicine had failed. They are an excellent remedy for young ladies entering into womanhood.

LEGISLATURE OF MAINE.

THURSDAY, Feb. 21.

Senate.—On motion of Mr. Shepherd,

Ordered, That the Committee on the Judiciary be directed to inquire into the expediency of submitting a resolve to the people to amend the Constitution so as to abolish the Executive Council.

On motion of Mr. Barnes,

Ordered, That the joint standing Committee on the Judiciary be instructed to inquire into the expediency of providing that an action may be maintained on a representation made concerning the character, credit, or dealings of another person, although such representations be not in writing, if it be found to have been made fraudulently, and with intention to deceive and injure.

Passed to be engrossed—Resolve for the benefit of the ministerial and school fund for the town of Clifton; an act to give jurisdiction in equity in cases of copart-owners of ships; an act to establish a Police Court in the city of Bangor.

House. Mr. Brown of Benton, moved a reconsideration of the vote whereby the resolve deferring the payment of the school fund to Jan. 10, was passed to be engrossed, and the motion was laid on the table.

Mr. Trott, of Woolwich, by leave, introduced a bill to incorporate the Maine Ministers' Relief Association. Referred.

Bill additional respecting the exemption of wages from trustee process, indefinitely postponed by the House, was returned from the Senate, they insisting on passing the bill. On motion of Mr. Foster, of East Machias, the House adhered to its former vote.

On motion of Mr. Cutter, of Bangor, the bill to incorporate the Chesuncook Boom Corporation was recommitted.

Resolve declaratory of amendments of the constitution was received from the Senate passed to be engrossed, and read once.

Mr. Morse, of Bath, moved that the second reading be assigned for next Wednesday.

Mr. Talbot, of Lubec, moved to-morrow.

Mr. Morse said it had been delayed eight weeks or more, and he thought a further delay of a few days could make no difference to any one. He stated that he had been suffering some days by sickness, and was quite indisposed, and feared if the discussion was urged to-morrow, he should not be able to participate in it.

Mr. Talbot hoped there would be no delay.

Mr. Morse said he had probably been laboring under a very serious misrepresentation in regard to the whole subject. He had supposed that the Constitution was a thing with which the people had something to do—that the people only could amend their fundamental law, but it now appeared, on the authority of the gentleman from Lubec, that this branch of the Legislature was the power that submitted and sanctioned amendments. If such doctrine is to prevail, he certainly would not stand in the way of a speedy accomplishment of so desirable a job, and would withdraw his motion, and leave the House to grant his request or not, as it might see fit.

Mr. Talbot's motion prevailed.

Report of the Committee on Elections, on the remonstrance of Samuel S. Brown against the right of James M. Leach, of Raymond, to a seat in the House, was taken up. The report concludes with a resolve that Mr. Leach is not elected, and is not entitled to a seat.

[After debate, the majority threw Mr. Leach out of his seat by 74 to 60, a party vote—proving a case, as we think, of direct, gross and tyrannical injustice.]

FRIDAY, Feb. 22.

Senate.—Mr. Burrill presented the petition of Bradford Blanchard and others, in aid of the petition of selectmen of Pittsfield, to have part of Pittsfield re-annexed to Detroit. Referred.

On motion of Mr. Butler, *Ordered,* that the Committee on State Lands and State Roads, be instructed to inquire into the expediency of directing the Land Agent to advertise all notes due the State which were given for land, (and which have not been heretofore advertised,) and also providing that the lands for which said notes were given, will become forfeited to the State unless said notes are paid by a certain day, and report by bill or otherwise.

House.—Mr. Morrow, of Searsport, moved that a message be sent to the Senate, requesting the return of the resolve delaying payment of the School Fund.

Mr. Levensaler objected to the motion.

After some discussion, Mr. Morrow withdrew his motion and moved to take up the motion to reconsider the vote passing the resolve to be engrossed.

A lengthy debate ensued, after which the question being taken the vote passing the resolve was reconsidered. Yeas 67, nays 66.

Mr. Wedgewood then moved to indefinitely postpone the resolve; yeas 59, nays 65.

Boston Lying-in Hospital,
SPRINGFIELD-STREET.
THE Trustees of this Hospital desire to call the attention of the Medical Faculty, and of the New England public, to the advantages which the new Hospital affords for the comfort of patients and the treatment of those cases which it was the intention of its founders to relieve.
Admission regulations are upon the same principles as those of the Massachusetts General Hospital; the charges depend upon the accommodations, and are as low as the means of the Corporation will admit. In the construction of the Hospital great attention has been paid to the comfort of the patients, in ventilation, heating apparatus, bathing-rooms, water-closets, etc. The capacity of the building being in advance of the wants of the public for lying-in patients, the trustees have decided to allow a portion of the Hospital to be used for the accommodation and "treatment of diseases of the female sex," and applications may be made personally, or by letter addressed to Mrs. C. L. WINN, Matron of the Hospital.
N. B. One or more of the Physicians of the Hospital will be in attendance there, every Wednesday afternoon, from three to four o'clock, for the purpose of receiving out-patients needing advice for the above complaints.
Per order of the Trustees.

ARRIVAL OF THE

ATLANTIC,

AT NEW YORK.

No Tidings of the Steamship Pacific.—Peace Prospects Continue.

NEW YORK, Feb. 24.

The steamship Atlantic arrived off Sandy Hook at 10 o'clock last night, and came to her dock at nine this morning. She experienced Westerly gales for 10 days successively, and was 3 days in a large field of ice. She brings no news of the Pacific.

She brings 40 passengers.

No American mail has been received out since the Atlantic.

Latest.

Lord Palmerston promises to lay part of the Central American correspondence before Parliament.

Steamer Belgique survey favorable.

Peace apparently progresses favorably.

Preliminary protocol was signed at Vienna on the 1st, by representatives of France, England, Turkey, Russia and Austria agreeing to open conference at Paris within three weeks.

Clarendon is appointed English plenipotentiary.

There is a doubtful report that the Emperors of Russia and Austria will visit Paris during the conference.

An armistice agreed upon probably till the end of march.

SECOND DESPATCH.

The protocol preliminary to the Congress of Paris has been definitely signed and matters are progressing favorably in the direction of peace.

There is a report that the Emperors of Russia and Austria will visit Paris during the Conference.

There is no news of interest from the Crimea or from Asia.

The last of the docks of Sebastopol have been destroyed.

An armistice by land only will doubtless be agreed upon to last until the end of March.

The most important news is that which relates to the extraordinary excitement in England on the subject of a war with the United States. It was again confidently reported on the Liverpool Exchange that Mr Buchanan, the American Minister had demanded his passports, and his absence from Lady Palmerston's soiree was attributed to the personal misunderstanding between Lord Clarendon and himself.

We have no particulars of the reported misunderstanding, as the English papers maintain complete silence on the subject. Clarendon, however, is reported to have spoken in a most imperious manner to Buchanan, which Mr. B. promptly checked by closing the interview.

It is also reported that the Derby party intend to bring forward a motion in Parliament on the subject of the omission of all allusion to America in the Queen's speech.

It is further reported that France and England have jointly sent Envoys to Brazil to seek to enlist the interests of that country against interests of the United States in Central America.

In the meantime the general tone of the English press is threatening and presumptuous toward the United States. The purely commercial presses, however, form an exception and the Chambers of Commerce both of Manchester and Liverpool protest earnestly against any interruption to the amicable relations between the two countries.

The funds have been unsettled and depressed by these threatening aspects of affairs.

The following is an extract from a leader in the London Times: "We expect to hear every day that our Minister at Washington has received his passports and is on his way home. That of course will compel similar proceedings on our part, with regard to the American Minister, and Mr. Crampton and Mr. Buchanan the two inoffensive gentlemen representing their governments at Washington and London will probably cross each other on the Atlantic. After deploring the existence of this domestic quarrel, England has really apologized enough to satisfy ten European empires. We cannot hold her responsible for the estrangement. The Americans must reckon on an obstinate resistance if they drive us to it. Let them count the cost before they take any further steps, else after two or three years they will make the calculations in vain."

The London Despatch says: "A good deal of pardonable irritation is felt here that the sympathies of a republican people should have been so unaccountably manifested during the present war, in behalf of the great mainstay and sheet anchor of European despotism, and if the people of the United States permit their rulers to plunge them into a war with Great Britain, they will receive the most terrible lesson ever administered to national envy or quarrelsomeness."

The Paris Journal "Despatch Debates" has a long and labored editorial to prove that up to the present point the interests of France and England are identical, but that a continuance of the war either in the Baltic or in Asia would only subserve the private interests of England.

Gen. Prince Paskiewitch died at Warsaw the 1st of February.

The Chairman of the Liverpool Chamber of Commerce, at the annual meeting of the Chamber spoke in strong terms against any interruption of friendly relations between the countries. Other members expressed the same sentiments, but the Chamber did not adopt a formal resolution on the subject.

The Manchester Chamber of Commerce held its annual meeting Monday, the 1st inst., when the following resolution, prepared by John Bright, M. P., was moved by the Mayor of Manchester, and unanimously adopted:

Resolved, That this chamber has observed with deep regret that difficulties have arisen [illegible]

The Manchester Chamber of Commerce held its annual meeting Monday, the 4th inst., when the following resolution, prepared by John Bright, M. P., was moved by the Mayor of Manchester, and unanimously adopted:

Resolved, That this chamber has observed with deep regret that differences has arisen between the British Government and the Government of the United States with regard to the construction of treaty on the subject of Central America, and an attempt which is alleged to have been made to enlist men for the British army within the jurisdiction of the United States. This chamber would urgently impress upon the Government of this country the propriety of considering these questions in a conciliatory spirit, with a strong determination to spare alike to the United Kingdom and the United States, the indescribable evils which must arise from any interruption of amicable relations between the two countries.

The resolution was unanimously agreed to.

Mr. Bright made a good speech on the occasion.

Letters by the India and China mails are to hand.

The only noticeable article of news additional to that published, is that the trial of Mr. Keenan, American Consul at Hong Kong, is postponed on account of the sickness of the Chief Justice.

Bark Maid of Auckland, Clark, from Boston to London, was abandoned, waterlogged, and with mainmast away, in lat. 50 20, lon. 61 58. Master and crew rescued by American ship Ecuador, Capt. Noyes, from Savannah, and landed at Liverpool on the 1st inst.

Liverpool Markets.

Breadstuffs were much depressed; wheat about 4d per bushel lower, and flour 1s per barrel. Indian corn did not show so much decline. Beef, pork and lard continued in the same lifeless state. Bacon was firm and in fair demand. Sugar dull. Money continued tight and the demand great. Consols were weak; closing at 90¾ a 90⅞.

Ship News.

The John Ravenel Morrison, from Bordeaux, for New York, with a general cargo, put in here on the 20th January, with loss of rudder and other damage, and must discharge to repair.

Still Later from Europe.

ARRIVAL OF THE

Steamship Asia,

AT NEW YORK.

FOUR DAYS LATER NEWS!

NEW YORK, February 24.

The steamship Asia from Liverpool, which port she left on the morning of the 9th instant, arrived this evening with 60 passengers.

She brings but little important news to add to the Atlantic's advices.

A severe storm occurred on the English coast on the night of the 7th. Many American vessels were damaged. The Ocean Rover from Charleston went ashore at Crosby Point, near Liverpool, leaking slightly. E. Everett from Baltimore arrived at Cork leaking badly, with loss of spars. Seven hundred barrels of flour were thrown overboard. Henry Hunt from Mobile went ashore at Port Hopgood with her masts cut away. Bark Warren from Philadelphia put into Fayal [illegible], probably in distress, with loss of part of her cargo.

The London Morning Advertiser states that Sir Henry Bulwer had intimated that he would like to act as a sort of mediator between the British government and Mr. Buchanan. This move is said to be at the desire of Lord Palmerston. An interview was to take place at the embassy, when Bulwer would explain at length to Buchanan.

The Pittsburg Convention.

PITTSBURG, Feb. 23.

The Convention met at 9 o'clock, and the committee on resolutions then reported, giving a history of the slavery question from the commencement of the government up to the present time, with the legislative action upon it. A large portion of the report was devoted to Kansas, and the present administration was severely denounced. The document is very able, but it is to be withheld for the present, as revision is found to be necessary. The resolutions were as follows:

The 1st demands a repeal of all laws relating to the introduction of slavery into the United States Territories.

The 2d supports, by all lawful means, our brethren in Kansas, and gives full weight in favor of the admission of Kansas into the Union as a free State.

The third expresses the belief that the conduct of the Administration has been weak and highly reprehensible on the Kansas question, and urges the Republicans to use every effort to overthrow the Administration.

The resolutions, after a short debate, were unanimously adopted with nine cheers.

Mr. Hood of South Carolina moved that a committee of safety be appointed to meet any emergency that may arise in case of a conflict in Kansas with federal troops.

An anxious discussion arose upon this, and at the request of some of the members who urged its imprudence. Mr. R. withdrew his motion. Mr. Spalding of Ohio moved the printing of all the documents. Carried.

After a vote of thanks to the officers the Convention adjourned sine die.

The National American Convention.

PHILADELPHIA, Feb. 23.

The convention has been a scene of excitement during the entire morning session. Thus far no progress has been made in business.

The Southern delegates are very much dissatisfied.

7 o'clock, P. M.—The convention has spent nearly the whole day in taking a vote upon a motion to lay on the table a proposition to postpone the nomination of a President to another convention to meet on the 30th July next.

Many of the delegates talked against time to prevent the convention going into a nomination to-day.

At 6 o'clock, the vote on the motion to lay the proposition on the table, was as follows—yeas 138, nays 71.

Amid much confusion the convention adjourned until Monday morning.

Markets.

NEW YORK, Feb. 24.

FLOUR—Less doing in flour, and market very heavy for common and medium descriptions; demand chiefly for the immediate wants of the local trade. Inferior to common State, Ohio and Michigan $4,79 a $4,97; good Ohio, Michigan and extra State $7,00 a $7,37; fancy and extra Michigan, Indiana, Illinois, Wisconsin and Ohio $7,37 a $8,12; extra Genesee $8,50 a 10,60; Canadian flour sold at $6,67 a $6,75 for common superfine to extra; choice extra 9,00 a $9,75.

Rye flour and cornmeal quiet, and nominally the same.

Buckwheat flour has declined 1 a 3 shillings per 100 lbs.

Wheat dull, unsettled, and prices have a strong downward tendency. Prime red Western at $1,76, which is above the market.

Rye steady, with a fair business, at $1,12 a $1,19 for Southern to prime Northern.

Corn firm, supply light, and demand increasing; did mixed yellow and white Jersey 72c a 77 cents per bushel.

Oats plenty and dull at previous quotations.

Pork easier; mess $16,75; prime $13,75 a $13,81.

Beef heavy at $9,00 a $9,62 for country prime; do. mess $10,00 a $11,00; re-packed Western mess $11,00 a $14,25. Beef hams better at $12,00 a $15,50.

Cheese 9c a 11c.

Groceries in moderate request, and prices are without important change.

Leather quiet.

Fish firm.

Oils—Linseed dull at 85c; whale, lard and sperm quiet.

THE NATIONAL REPUBLICAN CONVENTION.—The following is the balance of Friday night's despatch from Pittsburg:

The following Vice-Presidents were announced: Horatio G. Russ of N. H., L. Brainard, of Vt.; George Bliss, Mass.; James L. Bunce, Conn.; E. G. Hazard, R. I.; E. D. Morgan, N. Y.; W. P. Sherman, N. J.; J. Fadley, Va.; Gen. Marks, Pa.; W. S. Bailey, Ky.; W. P. Clark, Ind.; J. H. McMillan, Ill.; Geo. Bingham, Mich.; David Jones, Wisconsin; F. M. Newson, Missouri; L. Chapman, D. C.; with 8 Secretaries.

A resolution appointing a committee of one from each State, to draft resolutions and addresses, was adopted.

A paper submitted by Mr. Blair, containing the sentiments of the Southern friends of republican opinions, was read. It warns Southerners against endangering their property by taking it into the territories. It considers that every land should merge in the Missouri compromise and recommends that all parties meet in convention and nominate candidates for President and Vice-President.

The address was received as the sentiments of Southern friends, and ordered to be printed.

During the afternoon session, the committee on a plan of organization reported.

The following despatch from Philadelphia was received by the convention:

"American party no longer united—Raise the Republican banner—No farther extension of Slavery—The Americans are with you."

Tremendous applause followed the reading of this despatch.

Charles Kremlin of Ohio, spoke in denunciation of the executive, and defended the Republicans from the charge of sectionalism.

Ex-mayor Williamson was called for and was received with great applause, but excused himself from speaking.

NEW YORK, Feb. 24.—A theft of money and jewelry took place at Willard's Hotel this noon. The rooms of Mrs. Wood, wife of Hon. J. M. Wood, member of Congress from Portland, Me., were entered while she was out riding, and one thousand dollars in gold, and about thirteen hundred dollars worth of jewelry were stolen.

DAGUERREOTYPES can be accurately copied by the new Photographic process, enlarged to any required size, and beautifully colored in Oil, Water or Pastel. Portraits are obtained from the life by this process, requiring no longer sitting than for a common daguerreotype, thus avoiding the serious inconvenience and fatigue of long sittings. Glass daguerreotypes, a new article of unsurpassed richness and durability, are now, for the first time in Bangor, offered to the public. Their great brilliancy and permanency renders them peculiarly suitable for Pins, Rings, &c. STEAMERS.

California Steamers, Carrying the United States Mail.

5th and 20th of each Month.

Reduced Prices 100 lbs. Baggage Free.

Through Tickets, including transit of the Isthmus via Panama R. R.

By order of the Postmaster General the United States Mail Steamers will hereafter be despatched from New York direct to Aspinwall, on the 5th and 20th of each month.

Passengers are landed at the Railroad Depot, Aspinwall and conveyed across to the Pacific Steamers *without any extra expense*. This is the *only* line giving entire Through Tickets, including *meals*, on the Isthmus.

Transit made in ... hours, *entirely by daylight*, thus avoiding the great exposure by night in open boats to fever and ague, and 200 miles of dangerous lake and river navigation over rocks and shoal.

Arrangements have now been completed so that the regular U S Pacific Mail Steamer will leave Panama for San Francisco immediately on arrival of the Atlantic Mails and passengers, thus securing passengers by the Mail Line a *sure* and *short* passage without any detention on the Isthmus.

Tickets must be signed by one of the Company's Agents before they will be recognized by the Agent at Panama and Tickets thus signed can be obtained of the *only authorized Agent* for the Atlantic and Pacific Mail Steamship Companies, in this city. C L BARTLETT Agent, No. 16 Broad Street, Boston.

DOCTOR HOOFLAND'S
CELEBRATED

GERMAN BITTERS

PREPARED BY
Dr C M JACKSON, Philada Pa.,
WILL EFFECTUALLY CURE
Liver Complaint, Dyspepsia, Jaundice
Chronic or Nervous Debility, Diseases of the Kidneys and all diseases arising from a disordered Liver or Stomach,

Such as Constipation Inward Piles Fullness, or Blood to the Head Acidity of the Stomach Nausea Heartburn Disgust for Food, Fullness or weight in the Stomach, Sour Eructations Sinking or Fluttering at the Pit of the Stomach Swimming of the Head Hurried and Difficult Breathing, Fluttering at the Heart Choking or Suffocating Sensations when in a lying posture Dimness of Vision Dots of Webs before the Sight Fever and Dull Pain in the Head, Deficiency of Perspiration Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, &c.

Sudden Flushes of Heat Burning in the Flesh Constant Imaginings of Evil, and great Depression of Spirits.

The proprietor in calling the attention of the public to this preparation, does so with a feeling of the utmost confidence in its virtues and adaptation to the diseases for which it is recommended.

It is no new and untried article, but one that has stood the test of a ten years' trial before the American people, and its reputation and sale is unrivalled by any similar preparations extant. The testimony in its favor given by the most prominent and well known Physicians and individuals in all parts of the country is immense. The following from your own State is respectfully submitted, referring any who may still doubt to my "Memorabilia or Practical Receipt Book for Farmers and Families," to be had gratis of all the Agents for the German Bitters.

Principal office and manufactory 120 Arch st., Philadelphia Pa.

TESTIMONY FROM MAINE

Capt Daniel Abbott Franklin Maine, July 13, 1853 says: I was taken sick one year ago last April upon my passage from Havana to Charleston S C. At the latter place I took medicine and procured a physician but for ten days could obtain no relief no sleep or appetite. At last taking up a newspaper having your advertisement of Hoofland's German Bitters in it, I sent for some immediately. This was about 10 o clock, at 1 o clock I took the first dose, and another at 6 o clock. The effect was so rapid on me that I had a good appetite for supper and rested well that night and the next day found me a well man — I have not been without your medicine since, having been sailing between Baltimore Charleston, and the West India Islands, ever since. I have now given up going to sea and reside in this place where you should have an agency, as you could sell large quantities of it."

Jos B Hall & Co, Presque Isle Aroostook Co, Maine, April 24, 1854 say: "We herewith send you a certificate of a cure performed by the use of *only one bottle* of the German Bitters. We think Mr Clark to be a man of veracity, and have no doubt of the truth of his story."

Messrs Jos B Hall & Co—Gentlemen—In answer to your inquiries I will state that my daughter aged about 16 years has been complaining of a pain in her side for six or seven years, and about the first of January last was taken down and confined to her bed. The pain in her side was very severe, besides being troubled with pains between her shoulders and in her breast. From reading a number of cures performed by "Hoofland's German Bitters, I was induced to try them in her case, and sent to your store and purchased *one bottle*. She had taken it but a few days when she began to improve and now after taking *only one* bottle, she is enjoying better health than she has for years — She feels no pain in her side or in any part of her body and attributes her cure *entirely* to the German Bitters. WILLIAM CLARK

Salmon Brook, Aroostook Co, Me

You should bear in mind that these Bitters are *entirely vegetable* thereby possessing advantages over most of the preparations recommended for similar diseases.

IS A CERTAIN, SAFE, AND EFFECTUAL REMEDY, *For Diseases of the Bladder, Kidneys, Gravel, Dropsy, Weakness, Secret Diseases, Obstructions, Female Complaints,*

and all Diseases of the Sexual Organs, whether in

MALE OR FEMALE,

from whatever cause they may have originated, and

No Matter of How Long Standing

This popular and specific remedy is now offered to the afflicted and guaranteed to cure all the above complaints. It searches out the very roots of the diseases, driving out all the diseased fluids of the body, thus removing the cause and rendering the cure

Certain and Permanent

This medicine allays pain and inflammation, which other remedies invariably cause, and can be taken with less trouble and expense to patients. This infallible remedy has saved thousands upon thousands from the hands of

Merciless Quacks,

if not from premature graves. In cases of infection, the Compound Buchu is the only article worthy of the least confidence of the afflicted in performing

SAFE CURES

It contains no narcotic, mercury, or other injurious drug, but is a purely VEGETABLE COMPOSITION. It is very agreeable to the taste, creates no perceptible odor, and may be taken by persons of either sex without hindrance from business, or medical advice, as plain directions for use accompany the medicine. Reader, if you have any of the above complaints, do not neglect them.

Delays are Dangerous.

With this medicine you can cure yourself, and thus prevent all exposure

Truth must and will prevail.

This medicine speedily and effectually cures the most virulent form of secret diseases, and eradicates every particle of infectious matter from the patient to a perfect state of *Health and Purity*.—And as a medicine which must benefit everybody from the simply delicate to the confined and despairing invalid, no equal is to be found, it acting both as a *Cure and Preventive* of any of the above ailments.

HELMBOLD'S
HIGHLY CONCENTRATED
Compound Fluid Extract Sarsaparilla,

—FOR—

Purifying the Blood removing all diseases arising from Excess of Mercury, exposure and imprudence in life, chronic constitutional disease arising from an impure state of the Blood, and the only reliable and effectual known remedy for the cure of Scrofula Salt Rheum, Scald head Ulcerations of the throat and Legs Pains and Swellings of the Bones Tetter, Pimples on the Face, and all scaly Eruptions of the Skin.

It is gratifying to the proprietor of these medicines to be able to state that it is now nearly three years since they were first introduced during which time they have been extensively used in various parts of the United States and have given to patient and practitioner the highest degree of satisfaction in the various cases in which they have been employed, whether in town, country hospital or private practice they have invariably given the most decided and unequivocal satisfaction and produced the most salutary and beneficial effects. Numerous letters have been received from the most distinguished physicians in the country and from the professors of several medical colleges, recommending in the highest terms the value of these medicines and their superiority over all other preparations for such complaints as the proprietor recommends. Numerous preparations of Sarsaparilla and Buchu, and various modes of preparing them have been given, all of which of course will differ according to the mode of preparation which each individual may adopt.

These medicines require considerable care in the preparation, and the employment of different menstrua in successive operation to take up the extractive matters, and, in consequence, are most frequently improperly made and not unfrequently much impaired, if not rendered totally inert, by the injudicious and unskillful management of those unacquainted with pharmaceutical preparations. It is therefore, of the highest consideration and importance to the public and to the faculty that there should be standard preparations of uniform strength and possessing the most advantages. To effect this and obviate the evil alluded to I have made a number of experiments to ascertain the most effectual mode of extracting the virtues of the Sarsaparilla and the Buchu, and to discover the most eligible form for their exhibition. The experiments have resulted most favorably and it is with much pleasure I now offer to the public and the faculty my Compound Fluid Extracts, which contain all the virtues of the articles they are represented to be made from in a highly concentrated form and are the most active preparations which can be made. Two table spoonfulls of the Extract Sarsaparilla added to a pint of water is equal to the Lisbon diet drink, and one bottle fully equal to a gallon of Syrup Sarsaparilla or decoction, as usually made.

—PRICES—

Fluid Extract Buchu, $1 per bottle, or 6 for $5
" Sarsaparilla, " "

Certificates of cures and recommendations from distinguished professors and physicians will accompany each preparation. Prepared and sold by H T HELMBOLD, *Practical and Analytical Chemist,* No 263 Chesnut st., near the Girard House, Philadelphia.

To be had of Druggists and dealers in every section of the United States and Canada.

All letters for the medicine directed to the proprietor receive immediate attention, and safe deliveries guaranteed.

LET US REASON TOGETHER

HOLLOWAY'S PILLS.

WHY ARE WE SICK?

IT has been the lot of the human race to be weighed down by disease and suffering. HOLLOWAY'S PILLS are specially adapted to the relief of the WEAK, the NERVOUS, the DELICATE, and the INFIRM, of all climes, ages, sexes and constitutions. Professor Holloway personally superintends the manufacture of his medicines in the United States, and offers them to a free and enlightened people as the best remedy the world ever saw for the removal of disease.

These Pills Purify the Blood.

These famous Pills are expressly combined to operate on the stomach, the liver, the kidneys, the lungs, the skin, and the bowels, correcting any derangement in their functions, purifying the blood, the very fountain of life, and thus curing disease in all its forms.

Dyspepsia & Liver Complaint.

Nearly half the human race have taken these Pills. It has been proved in all parts of the world that nothing has been found equal to them in cases of disorders of the liver, dyspepsia, and stomach complaints generally. They soon give a healthy tone to these organs however much deranged, and when all other means have failed.

General Debility. Ill Health.

Many of the most despotic Governments have opened their Custom Houses to the introduction of these Pills, that they may become the medicine of the masses. Learned Colleges admit that this medicine is the best remedy ever known for persons of delicate health or where the system has been impaired, as its invigorating properties never fail to afford relief.

Female Complaints.

No Female, young or old should be without this celebrated medicine. It corrects and regulates the monthly courses at all periods acting in many cases like a charm. It is also the best and safest medicine that can be given to children of all ages, and for any complaint—consequently no family should be without it.

Holloway's Pills are the best remedy known in the world for the following Diseases.

Asthma	Dropsy	Inward Weakness
Bowel Complaints	Debility	Lowness of Spirits
Coughs	Fever and Ague	Piles
Colds	Female Complaints	Stone and Gravel
Chest Diseases	Headaches	Secondary Symptoms
Costiveness	Indigestion	
Dyspepsia	Influenza	Venereal Affections
Diarrhoea	Inflammation	Worms of all kinds

HAS ARRIVED!

The Voluntary Testimony of Living Witnesses, is that

Hayes' Allied Ointment, and Humor Syrup,

IS the BEST MEDICINE ever offered to the public for the Cure of all Humors.

It has stood the test of more than seven years and in offering it to the public we are not ignorant of its operation. We know it to be the greatest ALLEVIATOR OF PAIN and SUFFERING to those afflicted with any kind of Humor, and really one of the greatest blessings to mankind ever before the public, as we can show by the evidence of living witnesses.

Read the following—it speaks for itself.

LAWRENCE June 12 1854

We the undersigned citizens of Lawrence, having used the Vegetable Allied Ointment prepared by Dr E D Hayes of this city, and being personally acquainted with the Doctor feel pleasure in adding our testimony to all the Doctor claims for his medicine. Unlike other remedies in the market, this preparation performs its office speedily and with certainty. The Ointment we have used with the most happy result after vainly seeking relief by the free use of Sarsaparillas, Salves, etc, etc.

Our experience fully justifies us in confidently recommending it as the article and the only one known to us as performing all it claims.

The Great European Cough Remedy.

Important to the Consumptive and the Public generally. The celebrated

Universal Cough Mixture

IS a safe and effectual Remedy for Coughs of every description, whether of children or adults, of recent or long standing.

PREPARED ONLY BY
REV WALTER CLARKE,
Sole Proprietor, Cornishville, Maine.

Within the last twelve months thousands of bottles of the Universal Cough Mixture have been sold in the State of Maine alone, and everywhere its extraordinary power in relieving and curing diseases of the Chest and Lungs is gratefully acknowledged, and especially in cases of obstinate and long standing Coughs, it speedily allays the unpleasant sensation in the throat which excites coughing, it promotes free and easy expectoration, and by removing the exciting cause of the cough, it frequently enables the sufferers to enjoy natural and refreshing sleep, who for weeks had been deprived of that blessing.

Sold in trial bottles, 25 cents each, large bottles, each containing the quantity of four small ones, 75 cents each.

Extract of a letter from Daniel Adams, Esq., of Bowdoinham Maine.

FEBRUARY, 7th, 1853.

To Rev Walter Clark: Dear Sir—The bottle of Cough Mixture which I bought of you at Topsham had the desired effect on my wife. She had been afflicted with a cough for two years—this bottle entirely removed it.

From Rev Jesse Hoyt, Lewiston Falls.

Bro. Clarke—Every bottle of the Universal Cough Mixture which you left with me is sold—and I have several applications for more. As far as heard from all have been perfectly satisfied with the medicine. One man, who had a cough of long standing, attended with tightness of the chest and shortness of breath, so that he was laid aside from business, purchased one large bottle, and before he had taken one third of it was perfectly cured, and has had no cough since. He says it is the best medicine in the world, and cannot be recommended too highly.

JESSE HAYES

From Mr Fletcher Chick, agent for North Dixmont, Maine.

Dear Sir—A number of the most extraordinary cures have been effected by your Universal Cough Mixture in this place. Several who had coughs of a year's standing and others who have been doctored six months without receiving any benefit, have been speedily cured by the Universal Cough Mixture.

From Mrs Hubbard, Thorndike, Me.

FEBRUARY 1, 1856

To Rev Walter Clark: Dear Sir—This certifies that I have used one bottle of your Universal Cough Mixture for a distressing cough and soreness in the lungs. I had previously taken several kinds of medicine and had been under the care of several physicians without obtaining the least relief, happily your Universal Cough Mixture was recommended to me. I procured a bottle which I began to take according to directions on the label, by which in a few days I was entirely cured.

ARNOLD'S COMBINED

FOOT-STOVE, LANTERN, ...AND.... NURSE-LAMP.

ALBERT NOYES having purchased the exclusive right for manufacturing and vending in Penobscot county, the above valuable invention is now prepared to offer them to the public.

As a FOOT STOVE, it answers an excellent purpose, as it can be sufficiently heated in less than one minute to warm and dry the feet in the coldest winter weather, and will be found to be an indispensable article in traveling. It is heated by an oil, alcohol, or fluid lamp, the flame of which is protected from every external object.

As a LANTERN, it answers all the usual purposes, and is less likely to be overset, or get broken, and can be used as a house lamp with equal advantage.

As a NURSE LAMP, and in cases of sickness, it is of great advantage in keeping drinks or medicines warm, beside giving the light desired, and for cooking in small quantities. For making tea, &c., it will be found very convenient, as a quart of water can be boiled in fifteen minutes, and a flat-iron heat in the same length of time.

In fact, the various purposes to which this neat apparatus can be put may be readily conjectured by every one. No further description is required, as no one can misunderstand its general utility. To say any thing more respecting its adaptability to a hundred purposes would just be telling what our readers can all see at once for themselves.

KENNEDY'S MEDICAL DISCOVERY

The Greatest of the Age!

MR KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures *EVERY KIND OF HUMOR* from the worst Scrofula down to a common pimple. He has tried it in over eleven hundred cases and never failed except in two. He has now in his possession over two hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth.

One to three bottles will cure the worst kind of pimples on the face.

Two to three bottles will cure the system of biles.

Two bottles are warranted to cure the worst canker in the mouth and stomach.

Three to five bottles are warranted to cure the worst cases of erysipelas.

One to two bottles are warranted to cure all humors in the eyes.

Two bottles are warranted to cure running of the ears and blotches in the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruptions of the skin.

Two to three bottles are warranted to cure the worst case of ring worm.

Two to three bottles are warranted to cure the most desperate cases of rheumatism.

Three to six bottles are warranted to cure salt rheum.

Five to eight bottles will cure the very worst case of Scrofula.

A benefit is always experienced from the first bottle, and a perfect cure warranted when the above quantity is taken.

Nothing looks so improbable to those who have in vain tried all the wonderful medicines of the day as, that a common weed, growing upon the pastures, and along old stone walls, should cure every humor in the system; yet it is now a fixed fact. If you have a humor it has to start. There are no ifs' nor ands about it, suiting some cases but not yours. He has peddled over a thousand bottles of it in the vicinity of Boston, and knows the effects of it in every case. It has already done some of the greatest cures ever done in Massachusetts. He gave it to children a year old, to old people of sixty, and has seen puny looking children, whose flesh was soft and flabby, restored to a perfect state of health by one bottle.

To those who are subject to sick headache, one bottle will always cure it. It gives great relief in catarrh and dizziness. Some who have taken it have been costive for years and have been regulated by it. Where the body is sound it works quite easy, but where there is any derangement of the functions of nature, it will cause very singular feelings, but you must not be alarmed—they always disappear in from four days to a week. There is never a bad result from it—on the contrary, when that feeling is gone, you will feel yourself like a new person. I heard some of the most extravagant encomiums of it that ever man listened to.

No change of diet ever necessary. Eat the best you can get and enough of it.

ROXBURY, Sept 19, 1853
